Supporters

Information about teams supported and teams supporting.

Changelog (show)

Input

The following input parameters exist:

Simple	Detailed
--------	----------

Only available inputs in this file version are shown.

required file = supporters

optional version = 1.0 ▼

optional actionType = supportedteams {default} ▼
Indicates what type of action the page should perform

supportedteams {default}
See the teams the user support.

optional userId : unsigned Integer {Default:The user id of the logged on user.}
User id to get data for.

mysupporters
See the teams supporting the team.

optional teamId : unsigned Integer {Default:Your primary club senior teamId}
Team id to get data for.

optional pageIndex : unsigned Integer {Default:0}
Zero based pageIndex to retrieve.

optional pageSize : unsigned Integer {Default:50}
How many results to be shown in each page, the maximum value is 500. Note however, you should expect longer responsetimes the more items that will be returned!

Output

Here you can see the output, based on the values of the input parameters and selected action type.

Simple	Detailed	XML	Example
--------	----------	-----	---------

All containers/elements for the selected version and action type are shown.

```
<?xml version="1.0" encoding="utf-8"?>
<HattrickData>
